Helix Networks

Modern platforms, delivered simply

Response to RFP-2026-017: Digital Claims Processing Platform for Meridian Insurance Group (fictional)

Submitted: 2026-10-13. This is a fictional document created for a classroom project.

1. Executive Summary and Understanding of the Requirement

Helix Networks is pleased to respond to this request. We understand that Meridian Insurance Group wants a better claims platform and we are confident that our solution can meet its needs.

2. Proposed Solution

Our solution is flexible and modern. Details of the design, integrations and hosting will be confirmed after discovery.

3. Implementation Approach, Timeline and Team

We will assign a suitable team. The timeline will depend on the final scope and will be shared later.

4. Pricing and Assumptions

Pricing will be provided on request once the scope is agreed.

5. Security and Compliance

Security is important to us and we follow best practices.

6. Support Model, Experience and References

Support arrangements and customer references are available on request.
