Orbit Digital

Eleven years of insurance transformation

Response to RFP-2026-017: Digital Claims Processing Platform for Meridian Insurance Group (fictional)

Submitted: 2026-10-11. This is a fictional document created for a classroom project.

1. Executive Summary and Understanding of the Requirement

Orbit Digital has spent eleven years helping insurers modernise claims operations. We understand Meridian's need for a faster, more transparent claims process and we bring a proven delivery team that has solved this problem before.

2. Proposed Solution

We will deploy our scalable claims platform, configured to Meridian's processes. The integration approach will be defined jointly during discovery. We have integrated with many systems in the past and will agree the details with Meridian's technology team once the project starts.

3. Implementation Approach, Timeline and Team

Delivery takes 8 months: discovery, configuration, testing and go-live. A project manager and a delivery team of seven will work with Meridian. Detailed milestones will be agreed after the discovery phase.

4. Pricing and Assumptions

Item	Price (USD)
Platform licence and configuration	900,000
Integration (estimate)	150,000
Training	40,000
Year 1 support	100,000
TOTAL	**1,190,000**

Assumptions:

- Integration cost is an estimate pending discovery.

5. Security and Compliance

Orbit Digital is ISO 27001 certified and GDPR compliant. Data is encrypted in transit and at rest and access is role-based. Security reviews are carried out each year.

6. Support Model, Experience and References

Orbit Digital has completed 14 similar insurance projects over 11 years. Our service desk operates with a 99.5 percent uptime SLA and a clear escalation path. Each client has an account manager and attends a quarterly review; customer satisfaction (CSAT) averages 4.4 out of 5.

Five references are available: Lakeside Insurance (fictional), Summit General (fictional), Pioneer Life (fictional), Oakmont Re (fictional) and Redwood Mutual (fictional). Case studies for each can be supplied during the evaluation. Our clients typically stay with Orbit for more than seven years.
